

Surrogacy Journey CHECKLIST

Stage One Day One 1 to Surrogate Match

- Select a medical clinic.
- Decide on medical procedures and timeline with your doctor.
- Research and select donors, if needed.
- Begin your search for a surrogate match. Select & engage a surrogacy agency (if planning to use one)
- Make embryos. Have your embryos PGS-tested if desired.
- Communicate with surrogate candidates and select a match.

Stage Two Match to Transfer

- Obtain medical clearance for your surrogate.
- Obtain psychological clearance for your match.
- Enter into a legal contract with your surrogate and her spouse/partner.
- Embryo Transfer

Stage Three Transfer to Birth

- Confirmation of pregnancy (share your due date with your attorney).
- Start pre-birth parentage order process (around 16 weeks of the pregnancy).
- Attorney obtains pre-birth parentage order (approximately 4-6 weeks later in NC).
- Tour hospital & speak with personnel about arrangements for delivery.
- Arrange for health insurance for your baby upon birth.
- Make arrangements for the birth. Bring your Parentage Order with you
- Meet your baby!
